

SUNIROO Company was established in 2005 as one of the subsidiaries of Iran Power and Water Equipment and Services Export Company in the field of construction, installation, operation and maintenance of power plants, power transmission lines and substations, water, oil and gas and petrochemical industries.

Originally founded as a company specializing in project execution, including construction and civil works, operations, installation and commissioning to increase the productivity and efficiency of its shareholders.

Being a proactive company, SUNIROO, as a Contractor, has always improved the quality of its products to fulfill its worldwide and local clients' requirements and to satisfy them. The proactive approach has helped SUNIROO successfully carry out full scope projects and meet the needs of its founding members in Power and Water industries.

The company eagerly pursues its goals in order to satisfy customers by focusing its activities on investment and participation in the production and sale of electricity by creating hydropower plants, steam, gas, combined cycle, new and renewable energy, as well as commercial activities and trading in relation to all kinds of equipment required energy sector.

Pump Station

Project: Damavand Combined Power Plant

Location: Iran, Tehran Province

Employer: Ministry of Energy of Iran

Scope of Work: Installation and operation of 4 Main Boiler set with Capacity for each 184 Steam-Ton

Project: Al-Sadir 320 MW Power Plant

Location: Iraq, Al-Sadir

Employer: Sunir Company

Scope of Work: Operation and Maintenance of Power Plants
(Siemens Technology – V94.2)

Project: Montazer-Ghaem 125 MW Power Plant

Location: Iran

Employer: Ministry of Energy of Iran

Scope of Work: Overhaul, Operation and Maintenance of
Turbines and Generator of the Power Plant

Project: Biston 320 MW Power Plant

Location: Iran

Employer: Ministry of Energy of Iran

Scope of Work: Overhaul, Operation
and Maintenance of
Turbines and
Generator of the
Power Plant

Project: Al-Emareh 12 MW Steam Power Plant

Location: Iraq, Al-Emareh

Employer: Sunir Company

Scope of Work: Design and Engineering works along with Contract Management

- **Project:** Construction of Oil Tanks
- **Location:** Iraq, Al-Emareh
- **Employer:** Ministry of Energy of Iraq
- **Scope of Work:** Construction of Fuel Reservoir and Related Piping System

Project: Dibis 320 MW Power Plant

Location: Iraq, Kurdistan Region

Employer: Sunir Company

Scope of Work: Design and Engineering works along with

Project: Construction Power Transmission Line, 400 KV

Location: Armenia

Employer: Sunir Company

Scope of Work: Civil works, Tower erection and stringing

Project: Construction of Water Treatment Plant

Location: Uzbekistan, Alat

Employer: Sunir Company

Scope of Work: Civil Works of Water Treatment Plant with the Capacity of 50,000 m³/day

Project: Construction of Water Transmission Line

Location: Oman, Jabal Akdar

Employer: Sunir Company

Scope of Work: Construction 140 km water Pipeline, Ductile Iron and related Pump stations and reservoir

Project: Construction of Water Treatment Plant

Location: Uzbekistan, Alat

Employer: Sunir Company

Scope of Work: Procurement of Polyethylene and Steel Pipes

Project: Construction of Water Treatment Plant

Location: Uzbekistan, Alat

Employer: Sunir Company

Scope of Work: Construction of 2 km GRP pipeline

Project: Construction of Water Reservoir

Location: Iran, Tehran Province

Employer: Asal Sakhteman Company

Scope of Work: Construction of Reservoirs 180,000 m³, 30,000 and 2,000 m³ Taleghan to Robat Karim Transmission line

Project: Khangiran Refinery

Location: Iran, Hormozgan

Employer: Ministry of Oil

Scope of Work: Design, supervision of Khangiran Gas Gathering System and Relevant Gas Wellheads

Project: Khangiran Refinery

Location: Iran, Hormozgan

Employer: Ministry of Oil

Scope of Work: Design of Gas Transmission Line

Project: Oil Transmission Line

Location: Iran, Esfahan

Employer: NIOEC

Scope of Work: Construction of Heavy Crude Oil Transmission Line from Esfahan Refinery to Eslam-Abad Power Plant

Project: Armenia Gas Transmission Line

Location: Armenia

Employer: Sunir Company

Scope of Work: Construction of Gas Transmission Line between Iran & Armenia

Project: Rehabilitation of Banias Refinery

Location: Syria, Banias

Employer: Banias Refinery

Scope of Work: Procurement of Trays for Distillation Towers of Banias Refinery
